Funded by the European Union

EIT Regional Innovation Booster Poland

Delivered by European Institute of Innovation and Technology (EIT), this online mentoring programme helps up to 25 mature Polish companies prepare their entry into a new European market: Germany, Spain or the Nordic countries.

YOUR NEXT MARKET DESERVES AN EXPERT WHO KNOWS IT:

22 HOURS OF ONLINE SUPPORT

At least 22 hours of online support: a 2-hour planning session followed by at least 20 hours of tailored, hands-on mentoring with an expert matched to your sector and target market.

THE BUDDY SYSTEM

Each company is matched with an EIT RIB Buddy - an expert in its sector and target market. Depending on your needs, your Buddy helps with regulations, potential customers and partners, and first business contacts.

GERMANY, SPAIN OR THE NORDICS

Support for entry into Germany, Spain or the Nordic countries, with places for up to 25 selected companies. Expert support is programme-funded; no direct funding is provided to participants.

HOW IT WORKS:

Phase 0:
Application Period
(25 Nov 2026 - 27 Jan 2027)

Polish for-profit SME; TRL 7+; EUR 150,000+ prior private investment (grants excluded); at least 1 payroll FTE; IP ownership or exclusive commercialisation rights; fit with a participating EIT KIC.

Phase 1:
Mentoring Plan
(2 hours)

Work with your EIT RIB Buddy to confirm your target market, set your priority questions and agree how to use your mentoring hours.

Phase 2:
Mentoring
(at least 22 hours)

Turn your market-entry plan into practical next steps with your EIT RIB Buddy, from market and regulatory insight to potential customers and partners.

INFO WEBINAR

2 DEC 2026, 11:30 CET

Join our online info session to learn about the call content, eligibility requirements, and the submission and evaluation process before you apply.
